

PAUL YANG

Web | App developer

29 boulevard Amiral Courbet
Oullins, Oklahoma, 69600
pashaborges@gmail.com

I'm a web developer with 5 years of experience designing websites and standalone applications.

I have worked with clients in a variety of industries, including healthcare, finance, and e-commerce, and have designed everything from small business websites to large enterprise applications.

I pride myself on my ability to communicate effectively with clients and deliver projects on time and on budget.

I understand the importance of clear communication and am always available to answer questions and provide updates on project progress.

I'm available online from 2 am GMT to 5 pm GMT, and I offer 7 days of free support related to my work, as well as a service guarantee on all of my projects.
